Subject:-Reservation of unreserves of South Kanara District - Draft Notification under Section 4 of the Madras Forest Act.

....

In continuation of this office letter of even No. dated 19th March 1960, I enclose herewith the reservation proposa-ls under Section 4 of the Madras Forest Act in respect of Dharmasthala -Mundaje Reserved Forest Extension Block-Dharmasthal Village, Belthangady Taluka of South Kanara District.

The Block Development Officer, Belthangady, approached the Deputy Commissioner, South Kanara, Mangalore on the resolution passed by the Block Development Committee, to review the proposal and to see that at least a buffer area of 200 yards instead of 100 yards is left between the Forest and the limits of cultivation. The Deputy Commissioner after enquiry (enquiry papers enclosed) has endorsed the proposals under Section 4 of the Madras Forest Act submitted by the Divisional Forest Officer for publication in the Mysore Government Gazette. Government have after full consideration, already accorded sanction to leave a belt of 100 yards from the limits of cultivation (Vide G.O. No.AFD 204 ENT 57 dated 12-9-1959).

MYSORE GOVERNMENT SECRETARIAT

Sir,

Sub:- Unreserves - Survey and demarcation for reservation of Dharmasthala-Mundaje Reserved Forest extension block - Dharmasthala village - Belthangady Taluk - South Kanara District - Section 4 notification - submission of

I submit here-with the Section 4 Notification, surveyed sketch and other relevant enclosures in quadruplicate in respect of Dharmasthala-Mundaje Reserved Forest extension block of Dharmasthala village, Belthangady Taluk, South Kanara District.

This block has been surveyed leaving a belt of 100 yards from the Kadim warg and Hosagme. This unreserve block forms an area of 306.00 acres. The total length of periphery of the block 9 miles 2 furlongs and 695 links containing 30 cairns. This block is situated to the South of Dharmasthala proper at a distance of about 1½ miles. This block touches Dadenthamale Reserved Forest on the west and Dharmasthala-Mundaje R.F.on the East.

This area supports good growth of trees. The most commonly seen timber species are Xylia xylocarpa, Terminalia paniculata, and Terminalia tomentosa. Other important species found are Artocarpus hirsuta, Lagerstroemia lanceolata, Lophopetalum wightianum, Vitex altissima, Mithragyne parvifolia, Adina cordifolia, Alstonia scholaris, Calophyllum ellata, Myristica bedomii etc.

The block is surveyed and demarcated by cutting 8' wide lines along the periphery and constructing cairns of stones of 4' x 4' in size at the bottom and 2' x 2' at the top and to a height of 4' around wooden pillars of 6' height and over 6" thickness at salient corners.

I request that the Draft Section 4 Notification may be got published in the Mysore Gazette and supply 100 spare copies of the notification to this Office at an early date.

L.F. 12/60.

23.2.60
District Forest Officer,
South Kanara.

Enclosures:-
1. Draft Section 4 notification
2. Area and condition statement.
3. Ayacut statement.
4. Statement showing the names of villages which lie within a distance of 1/2 mile from the proposed block.
5. Perambulation certificate.
6. Surveyed sketch of the proposed block.

THE DEPUTY COMMISSIONER
KANARA, MANGALORE-1.
-7 MAY 1960
No .....

BLOCK DEVELOPMENT COMMITTEE - Resolution No. IV - Margin of 200 yds. from warga lands - requested.

Ref: B.D.C. resolution item IV dated 19-4-1960.

In the Block Development Committee meeting held on 19-4-1960 at Mandankalu Nidle village, Sri M. Vasudeva Hebbar, a member of the Block Development Committee moved a resolution stating that the villages where surveys are now being conducted for a forestation, the forest department allows only a margin of 100 yards from Warga limits. As these limits interfere with the free exercise of Kumki rights of wargadars, the resolution was accepted and it was resolved to address the Deputy Commissioner, South Kanara to review the Survey already conducted and to see that at least a buffer area of 200 yards i.e. 100 yards for Kumki and 100 yards from Forest area is left between the forest and warga boundaries and then the forest boundary fixed. A copy of the resolution is enclosed for favour of necessary action.

M2. 137757/60

As this subject relates to A7, this may be transferred to M7.

Yours faithfully,

(N. DHARMAPALA SHETTY)
For Block Development Officer.

2. (iv). G.O.No.AFD.501.FRD. dated 24-3-1960. The function of Range Advisory Committee is transferred to Block Development Committee.

Read and explained to the members.

This Committee notes that in villages where surveys are now being conducted for afforestation, the forest department allows only a margin of 100 yards from Warg limits. As this limit interferes with the free exercise of Kumki privileges of Wargadars this committee resolved to address the Deputy Commissioner, South Kanara to review the surveys already conducted and to see that at least a buffer area 200 yards ~~in~~ i.e. 100 yards for Kumki and 100 yards for former buffer area is left between the forest and the Warg boundaries.

Draft Notification

No. 5

"A"

In exercise of the powers conferred by clauses (a) and (b) of section 4 of the Madras Forest Act, 1882 (Madras Act V of 1882), as in force in the Madras Area, the Governor of Mysore hereby declares that it is proposed to constitute the area, the boundaries of which are specified in the Schedule below, as a Reserved Forest under the said Act. From the date of the notification

91

29

From:-

The Secretary, Pura-Sabha, Dharmasthala.S.K

To:-

The Secretary, to the Govt., of Mysore, Agricultural and Forest-Department, Vidhana Soudha, Bangalore.

Respected Sir,

72 Forest Grievances of the residents of Dharmasthala village, south kanara Dt in securing fuel, Mannure leaves, foder, grazing ground for the use of the villagers and cattle and also unauthorised occupation of Government-lands by the people of Kerala again brought to notice Memorial submitted-

REVENUE DIVISIONAL OFFICER
30 DEC 1959
PUTTUR, S.K.

Your Order A.F.D.28,-GZC-58 dated 4-11-'59 in reply to our petition of November 1958 addressed to the Dy. Minister for Finance-

---

I am in due receipt of your above order recently . In reply I beg to represent that the Forest Department is apparently bent upon inclusion of a small portion of unreserved lands close to the adjoining worg lands in the proposed Reserve boundary lines inspite of the fact that this question was entirely decided by the Assistant Commissioner, Puttur as a result of the above petition of November '58 after a joint local inspection of all these plots along with the officers of the Forest Department to the effect that no further reservation of the existing unreserved Government lands was possible and also personally told all the residents assembled that he would address accordingly to his higher authorities.

2. Now the present order comes to me after a period of one year saying that the grievances of the residents will be enquired into by the Forest settlement officer before the area is finally notified as reserved forest. I am not aware as to what this order means. When the Assistant Commissioner has decided once for all and orally expressed to all the residents assembled that no further reservation of Government lands was possible in view of the small extent of such lands which was available and which was quite necessary for the use of the villagers I donot understand as to why again the Forest settlement officer should come and enquire into this matter the result of which may be favourableor unfavourable to the residents of Dharmasthala.

3. As I have already submitted in para 2 above, I have got my own serious doubts whether my presumption is correct. In any case I should like to bring to your kind notice that if the Forest Department is very obstinate to Reserve the remaining small portion of unreserved Government land that is available at any cost or risk the residents will be completely devoid of any privilege referred to above and put to serious intolerable difficulties. I would therefore request you to be kind enough to arrange another joint inspection of the Assistant Commissioner and the officer of the Forest Department already made as a result of the villagers' petition of November 1958 for which the present order comes from the Government a year after.

4. Lastly I would only submit that the Government will be kind enough not to take hurried steps according to the observations of the Forest Department alone as the views of this Department I can frankly and respectfully submit are only one sided in extending this reserve Forests apart from any difficulties that the residents may undergo.

5. As regards unauthorised occupations of Government lands

close to the wwg lands. I have been observing that no drastic action has so for been taken by the Revenue Department but on the other hand the Kerala people who have been doing these actions are being apparently encouraged to go on with these activities. I would therefore request that the Government may be kindly pleased to address the Revenue authorities immediately into this matter. In any case nothing can be done by the residents who are terrified by these people if they are enquired into about their high handed actions.

Yours Faithfully,

A. Ramana Shetty

The Hon'ble Minister for Revenue
Government of Mysore in Bangalore
Bangalore-2.

Sir,

FOREST GRIEVANCES OF DHARMASTHALA RESIDENTS-
COPY OF PETITION SUBMITTED TO THE SECRETARY
TO THE GOVERNMENT OF MYSORE IN BANGALORE-
AGRICULTURAL AND FORESTS DEPARTMENT RECEIVED-
TRANSMITTED-

I am definitely informed by the local residents of Dharmasthala most of whom were my tenants, that the Forest Department is bent upon in extending the boundary of their reserve forests practically as far as the boundary of my varg lands and that repeated requests made by them are of no avail.

2. Please be kind enough to note that almost all lands here are my private ones and that further reservation of Kumki etc., lands for the use of the forest Department is quite unjust unreasonable and uncalled for in the interest of this Institution.

3. I am therefore requesting you to ~~finally~~ personally to see that the question of further reservation of lands for the forest Department in this village is entirely dropped, once for all.

4. Please therefore let me know what you have done in the matter and whether my request can be carried out or not.

10 FEB

Yours Sincerely,

(D.Ratnavarma Heggade.)

SUPPLY

Ref:- 1. From the Secretary, Pura Sabha, Dharmastala addressed to the Secretary to Government of Mysore, Agricultural and Forest Department received with Puttur Asst. Commissioner's N.Ref. G-72/60, dt. 6-1-60.
2. Letter dt. 19-1-60 from Sri D. Ratnavarma Hegde, M.L.A. to the Hon'ble Minister for Rev. Dept. Govt. of Mysore received with Puttur Asst. Commr's N.Dis. 3406/60, dt. 26-2-60.

4188 ---

The two representations cited are enclosed. Both of them relate to the objections of the residents of Dharmastala ~~vi~~ village against the proposal of reservation of 306-00 acres as extension to Dharmastala-Mundaje reserved forest

2/- The Survey work of the area to be reserved was over long back and the District Forest officer, S.K. has submitted draft Sec. 4 notification to the Chief Conservator of Mysore to be published in the Mysore Gazette in his R.C.No. 80/60-D2 dt. 14-2-60. The District Forest Officer, has also sent copies of the proposals to the Asst. Commissioner, Puttur and to this office. I presume that the objections from residents and pattadars of the village were considered and the joint inspection held in this case. The Previous papers which may be available in the Asst. Commissioner's office may be perused.

3/- The District Forest officer, S.K. in his proposals for reservation stated that the Asst. Commissioner, Puttur would be the Forest settlement officer, under clause (c) of Sec. 4 of the Madras Forest Act 1882. I request that further action may be taken on perusal of the previous papers.

To

The Tahsildar of Belthangady-
Taluk, Belthangady-P.O.(s.k)

Sir,

I understand that the Forest Department has selected 306 acres of land for reservation as Forest on either side of Dharmasthala, Mulikar Road. The block is surrounded by wet and garden lands belonging to me. Now it is said that they have left only 100 yards as buffor area between my Kumki Worg lands and the Reserve Forest Boundary. A kumki belt of 100 yards is absolutely necessary for the cultivation of worg land and I require that ~~extra~~ Kumki land all round an assignment for the successful cultivation of my Worg land. If the kumki land i.e. the belt 100 yeards is assigned, no land will be left between the Worg land and the Forest boundary. Further the area selected is necessary for the grazing of cattle and for getting Firewood. If at all it is required to extend the Forest area, atleast a buffor area of 200 yards must be left in between the worg lands and the

3 12/6/60

P T O

Forest boundary. I have no objection for the reservation of such a buffer area of 200 yards is left.

Yours Faithfully,

SMB.

ASSISTANT COMMISSIONER 20 JUN 1960 PUTTUR S.K.

Sir,

UNRESERVES:- Survey and demarcation for reservation of Dharmastala, Mundaje - reserved forest extension block - Dharmastala village - Belthangady taluk - S.K. district - Section 4 - notification - submission of.

Ref:- S.K. Dy. Commr's N.Ref. A7- 5954/60, dt. 2-3-60.
Puttur Asst. Commr's N.Ref. G- 3951/60, dt. 7-3-60.
Puttur Asst. Commr's N.Ref. G- 3556/60, dt. 1-3-60.

10064

This is the proposal of the District Forest officer, S.K. with draft section 4 notification for publication in the Mysore Gazette for the Reservation of 306 acres of unreserve block as extension to the Dharmastala, Mundaje reserve Forest in Dharmastala village of Belthangady taluk. This block is bounded by Patta lands on all the three sides while the river Madangal forms the southern boundary. The entire block is in the form of a narrow strip stretching from North to South with a road devidding the block almost into two halves.

2. The patta lands on the three sides of the block belong to Sri D. Ratnavarma Hegde, M.L.A. Dharmastala and they are being cultivated by his tenants on chalgeni tenure. The wet and garden lands in 'Kaje, Holiyar, and Muliyar Byle' as shown in the sketch enclosed to the proposal are surrounded by the reserve forest all round on the formation of this block. The tenants of this block have no excess outside except through the reserve forest. On the western side also the wet and garden land in 'Pejathadka, Arpady Kokanaje, and Paradlu, Byle' form the boundary. The forest Department while surveying has left a belt of hundred yards as buffer area from the kadim warg and hosagame lands.

⊗ as specified in the sketch

3. There was already objection to the reservation of this block from the villagers. The Secretary, Purasabha Dharmastala had submitted objection petition to the Secretary to the Government Agricultural Department with copies to the Chief Conservator of Forests, Deputy Commissioner, S.K. and other concerned officials strongly expressing objection for the proposed reservation. On 19-1-60 Sri D. Ratnavarma Hegde has also sent a petition to the Honarable Minister for Revenue Government of Mysore requesting that the reservation may be dropped.

4. The Spl. Deputy Tahsildar (F) Belthangady held enquiry into the objections of both the cultivating tenants and the pattadars. The statements of Four tenants, the President and the Secretary Purasabha and the letter of Sri D. Ratnavarma Hegde are enclosed. The President and the Secretary of Purasabha and also the tenants express objection for the reservation stating that they have been getting green manure and firewood from this area and are also grazing their cattle. They request that reservation

may be dropped. Sri D. Ratnavarma Hegde in his letter dated 9-6-60 states that a belt of 100 yards is necessary for the cultivation of his warg lands and that he requires that belt of land on assignment on kumki right. He also states that if the present belt of 100 yards is assigned, there will be no buffer area left, in between the forest boundary and the patta land. He requests that a buffer area of 200 yards must be left instead of 100 yards.

5/- In this proposal the Forest Department have left only 100 yards as buffer area even from the kadim warg land. It is not known whether this belt can be assigned on kumki right. If it is so, there will be no buffer area at all and the patta boundary and the reserve boundary will be one and the same. The only patta dar Sri D. Ratnavarma Hegde concerned in this entire proposal desires that a belt of 200 yards must be left, as hundred yards would be necessary on assignment as kumki. The objection of the tenants and the Secretary Purasabha need not be taken into consideration when the pattadar himself does not raise objection to the reservation as such, but only wants the buffer area of 200 yards. Regarding this objection about the buffer area, the forest department may be again consulted and further action taken in the matter.

6/- The records of enquiry pages 1 to are enclosed.

17/6/60

To
The Deputy Commissioner,
South Kanara, Mangalore.

Sir,

UNRESERVES: Survey and Demarcation for reservation of Dharmastala Mundaje - Reserve Forest Extension Block - Dharmastala village - Belthangady Taluk - Regarding.

--

Ref. Your A87 5984-60 dt. 2-3-60.

--

I am enclosing herewith the report of the Tahsildar Belthangady who has held enquiry into the proposal of the District Forest officer S.K. for the reservation of 306 acres of unreserved Block as extension to the Dharmastala Mundaje Reserve Forest.

2/- The objections of the tenants and the Secretary Purasabha may be overruled as the registered holder has no objection to the reservation ; but the forest department may be addressed to leave a clean belt of 200 yards between the Reserve Forest boundary and the patta lands, as recommended by the Tahsildar.

3/- All the Connected papers are enclosed.

/By Order/

Yours Faithfully,
Sd/- Mir Mahamood,

MANGALORE, S. K.

6-7-60

6/7/60.

46 57

N.Dis.9879/60.D2.

Resubmitted to the Deputy Commissioner, South Kanara. According to G.O. AFD 204 ENT 57 dated 12.9.1959, only 100 yards of clear belt should be left for all the private holdings, whether Kadim or hosagame lands. Therefore there is no provision to leave more than 100 yards at present in this connection.

Further the Government is allowing free removal of manure leaves and fuel ~~f/r~~ for the publics from the unclassified trees for their domestic use even after the reservation of any lands and also free grazing for their cattle all over the Reserved Forests. The villagers grievances will be heard by the Forest Settlement Officer at the time of the final settlement. They can put forth their greivances before the Forest Settlement Officer, who is competent to make any reasonable alterations at the time of the final settlement. ~~Therefore the~~ Draft Section 4 Notification may please be for publication in the Mysore Government Gazette.
